

WEATHER PROCEDURE

Occasionally hazardous weather conditions make it advisable to adjust daily school beginning and ending

times and in some cases to dismiss school for an entire day. School officials attempt to get such

information to the local radio stations early, in most cases by 6:30 A.M. For information, tune your radio

to one of the stations listed below.

DO NOT call the school on mornings when the weather is bad! To do

so ties up the phone lines and delays getting the message to the radio stations. Staff members have been

instructed that if they are contacted at home they are to refer the person to the radio stations and/or recorded

message phone.

Early dismissals are sometimes advisable because of hazardous weather conditions changing after school

has started for the day. Radio stations are notified as soon as possible.

WEATHER / RADIO / TV

When weather conditions are questionable, tune your radio to:

KROS (1340) AM KMXG MIX (96.1)FM

WSDR (1240) KCLN (94.7)FM
